

# MIS Environmental Limited Environmental Policy

MIS Environmental provides a range of analytical testing and consultancy services. MIS Environmental realise that our activities, products and services impact the environment. Hence, we operate an environmental management system to 14001 standards. We are committed to complying with applicable environmental legislation and the prevention of pollution. We will strive to continually improve our environmental performance by:

- Reducing unnecessary consumption of materials, energy and water
- Managing our outputs with a duty of care for the environment
- Managing our operations in the most efficient manner where practical

To achieve environmental performance we will set environmental objectives and targets and regularly review them.

This policy is publicly available through our web page and is reviewed on a regular basis. It is communicated to our staff and implemented throughout the company.
